For his birthday, I signed my son up for Sunday 11/8. He'll be running #44 and taking some friends along. I've coordinated something with Jerry Kunzman to bring a number of the kids I teach out to the track to learn about motorsports. I don't suppose you folks would mind me bringing a few of them over to chat informally with them about spec racing? The kids will also be going for parade laps, and if anyone has a spare seat that could drive one of them, I'm sure they'd really appreciate it. Re:Infineon in Nov

I want to sign up for Laguna, but I'm afraid I'm too loud.

I did put a turn down on, not sure if it helps though.
