

1986 chassis front running car \$9,000

Posted by rd7839 - 09 Apr 2017 10:43

Well it's finally time to hang up the racing hat, again, this time for real. Don't want to sell but don't have the time or desire to do what it takes to run up front anymore so she's up for sale to a good home.

Chassis:

1986 early offset car with steel front A arms, new

new balljoints and tie rod ends

Weltmeister sway bar

new Bilstein shocks

1 weekend on new rotors and Hawk pads

new bushings all around

custom roll cage by TC designs with added footwell protection on drivers side.

15mm Ultrashield full containment/halo seat along with spare Sparco Pro2000

brand new Simpson belts

fresh window net(side net not needed because of seat

seat back brace

Lexan windshield from Jeff Gordon's(yes, that Jeff Gordon!) with 1 tearoom left

fresh paint from Maaco

Aluminum rear trailing arms with 30mm torsion bars

Weltmeister sway bar

new Bilstein rear shocks

hand fitted Delrin bushings(spent hours making sure they do not bind)

Short 5th added to factory limited slip tranny. LSD rebuilt a few seasons ago by Guard Transmissions.

fresh CV's

newly rebuilt shifter with roller bearing washers

brand new short shifter

Redline gear oil since forever

Engine:

rebuilt a few seasons ago '86 motor

just a handful of weekends on rebuilt head from Lindsey racing with Turbo valve springs.

weld in baffle and longer oil pickup

Turbo radiator with custom ducting. Runs super cool

Stray oil cooler with 3 cooling hoses.

2 sets of good cookie cutter and maybe a few more questionable ones

2 sets of RR's with 6 heat cycles

assorted spares and parts.

corner balanced and aligned last weekend and getting tech'd this tuesday

I plan on racing this weekend at Thunderhill but if someone wants it I will skip the race.

Call me for more details. Also have 22' enclosed trailer that can be had as a package deal.

Ron

Hey Ron,

Thanks for the info. Nice car! Please let me know if you want to sell at some point down the road...

Dave
