IO Port camera mount, Kill switch & misc 944 parts Posted by 944Racer72 - 18 Jan 2011 20:10
Hi guys,
I've got some stuff up on ebay. The big racing things are an I/O Port video camera mount (new) and a Painless Wiring remote kill switch (new). Also some 944 odds and ends. Any NorCal guys, I can deliver to the track in Feb.
