

15" cookie cutter rim available locally?

Getting ready for the enduro at Road Atlanta. I have two sets of rims right now, one will have the dry tires, the other the wets but I'd like an extra rim for a spare probably for left front just in case. Anybody got one to sell it?

Billy, I have a couple of extra, and could bring one to Road Atlanta for you for \$75. No shipping needed that way, unless you need it sooner. If so I'd split shipping with you.
