I recently received an email update on nationals fro NASA and saw the attendee list. Only 6 944's were signed up. Now that we are a little over a month away wanted to see who was planning on attending.

I looked at the latest entry list and only see 10-11 944's with just 1 Arizona and 1 Northern California. Ron maybe you should just the Southern California region, we would love to add you tp the group. Anyone know why no other Arizona racers or nothing from the rocky mountain region. Looks to be a Southern California Championship only race.
