I have no affiliation with this company, but 87- rotors are so difficult to find cheap. I bought 4 and the shipping was free. Just thought I would share:

88's are more expensive than the early cars. This place has them, however for \$26 or so.

A great find. They look like they have lots of other stuff, as well. I looked at rack and pinion steering units. The prices look very good on them, as well.

Thanks for the post.

May have spoken too soon - just got an e-mail saying that they were only shipping me two rotors - they are not going to be able to fill the rest of my order...
